

SAAM SMIT TOWAGE
PANAMA

PANAMA

ABOUT US

Saam Smit Towage Panama has been successfully serving Panamanian ports from its bases in Balboa and Cristobal since 1986. Services range from harbour towage and safety standby work to coastal towing and statistic towing of tankers. Thanks to the continued professionalism and flexibility of its regional and global network, Saam Smit Towage Panama has expanded its services to include such other ports as Colon, Bahia las Minas, and Chiriquí Grande.

With a fleet of 11 modern standardized azimuth stern drive tugs, Saam Smit Towage Panama provides harbour towage and tanker assistance for nearly every port on both sides of the Canal. Coastal towing and assistance are also provided for ports in Chiriqui Grande, Taboguilla, and Melones.

All Panamanian tugs provide proven international technology, design, and standardization. Saam Smit Towage Panama is also focused on recruiting local Panamanian Captains, Chief Engineers, and Mariners and continually invests in training crews and staff to ensure a reliable and safe maritime service. This combination of crew and tugs provides consistent safe and high quality service along with competitive rates.
